## Supplier Code of Conduct

This Supplier Code of Conduct articulates General Motors Company's ("GM") expectations of the conduct of suppliers and business partners doing business with GM ("suppliers"). Suppliers are expected to understand and act consistent with GM's approach to integrity, responsible sourcing, and supply chain management. GM expects that its suppliers will cascade similar expectations through their own supply chains.

GM expects to do business with suppliers that meet our standards and behave consistent with, and positively reflect, GM's values throughout the supply chain. GM chooses its suppliers carefully, and expects that they will satisfy contractual requirements, comply with laws, regulations, and act in a way consistent with the principles and values of our GM Code of Conduct, Winning with Integrity, and this Supplier Code of Conduct.
