C/K SUBURBAN REAR DOOR TYPES

**With Panel
Rear Doors**
Body Ordering
Code ZW9*

**With Tailgate
and Manual Drop
Glass**
Body Ordering
Code E55*

Suburban models have 4 side doors, two front and two rear. Front side doors are equipped with drop-glass and ventipane assemblies; the rear side doors have a drop-glass in the forward portion and fixed glass in the rear portion. The rear quarter windows have fixed glass.

All Suburbans ordered with Body Ordering Code ZW9 have panel-type rear doors incorporating fixed glass, positive fork-cam latches, and an outside key lock. A 2-position, strap-type check on each door permits either a 118- or 162-degree door opening, depending on how the retaining pin is positioned; full door opening of 172-degrees is obtained by removing the retaining pin.

Suburbans ordered with Body Ordering Code E55 have a tailgate with a manually-controlled curved drop glass. Operation of the window is through an articulated crank-type regulator handle on the tailgate outer panel; a key lock cylinder is concealed in the regulator handle, and must be unlocked before the window can be lowered. After the window is lowered, the tailgate can be lowered by moving the release handle at the upper center of the tailgate inner panel. When the tailgate is open, it is supported by reel-type cables. Embossments on the tailgate inner panel facilitate loading of large objects. An optional electric tailgate window is available by ordering RPO A33.

*Both models shown with optional folding center and removable rear seats

CUSTOM OPTIONS

Chromed Bumpers with Rub Strips (RPO VE5)

Chromed bumpers with rub strips are available optionally on all Suburban models.

Custom Trim Moldings (RPO B84, B96, YG1)

Body side and rear trim moldings (RPO B84) are black plastic with bright trim and are available for standard Suburban models. They are included in the Custom Molding Package (RPO YG1) for standard and Scottsdale/High Sierra models which also includes bright wheel opening moldings with black paint trim (RPO B96) and bright trim for front side marker lamps and taillamps.

(RPO B85, B96, YG3)

Bright plastic body side and rear moldings with black paint trim (RPO B85) are available for standard and Scottsdale/High Sierra Suburban models. They are included in the Deluxe Molding Package (RPO YG3) which also includes the wheel opening moldings (RPO B96) and other bright lamp trim items described above for RPO YG1.

Chromed Front Bumper Guards (RPO V31)

Chromed front bumper guards with rub strips are available optionally on Suburban models. Not available when chromed bumpers with rub strips are ordered.

Wheel Covers

Stainless steel wheel covers are available on all Suburban models. The front units for K10/1500-20/2500 models with 4WD have a cut-out at the center to clear the axle hubs.

SOLID AND TWO-TONE* EXTERIOR COLOR COMBINATIONS

The application of paint for solid and two-tone exterior color combinations is shown below.

Solid color paint (ZY1) is standard on all models. All painted areas of the body and front end sheet metal are the same color.

GMC model shown (Chevrolet model available)

Chevrolet model shown (GMC model available)

Special two-tone (ZY3) paint colors include the YG1 molding package consisting of black vinyl body side and rear moldings with bright trim, bright wheel opening moldings, and bright trim for front side marker lights and tail lights (except with the YG3 molding package or the Silverado/

Sierra Classic Model Option where bright body side and rear moldings with black paint trim are substituted). The primary color is applied to the areas above the moldings (including the roof). The secondary color is applied to the areas below the moldings.

EXTERIOR DECOR PACKAGE

Exterior Decor Package (ZY5) paint colors and trim are available (see Interior and Exterior Color Availability Chart). The package includes the moldings described under Special Two-Tone. In addition, it includes dual-tone body side and rear tape decal striping keyed to the exterior body color. This striping is applied to the front fenders, side doors and body sides and rear a few inches above the styling crease line. The areas above the striping and below the molding are painted the primary paint color. The secondary color is used between the striping and the molding. A bright spring-loaded, stand-up type hood ornament is included on gasoline engine models.

*Optional at extra cost.
