SOLID AND TWO-TONE* EXTERIOR COLOR COMBINATIONS

The application of paint for solid and two-tone exterior color combinations is shown below.

GMC model shown (Chevrolet model available)

SOLID COLOR

Solid paint (ZY1) is standard on all models (except Sport/Gypsy). All painted areas of the body and front end sheet metal are the same color. Tailgate lettering for base models is

silver when Galaxy Blue, Indian Bronze, Midnight Black, or Apple Red exterior colors are specified and black for all other exterior colors.

Chevrolet model shown (GMC model available)

CUSTOM TWO-TONE

Custom two-tone paint (ZY6) is available on all models. The areas above the belt styling crease line are painted the color code 1 paint color. The areas below that line are painted the color code 2 color. A color-keyed decal stripe is applied at the belt styling crease line just below the paint

break (See color stripe chart on page 1). Tailgate lettering for base models is silver when Galaxy Blue, Indian Bronze, Midnight Black, or Apple Red color code 2 exterior colors are specified and black for all other colors.

*Optional at extra cost

SOLID AND TWO-TONE* EXTERIOR COLOR COMBINATIONS

The application of paint for solid and two-tone exterior color combinations is shown below.

SPORT TWO-TONE

Sport two-tone paint (ZY7), which provides a lower accent two-tone scheme, is available on base and Tahoe/Sierra Classic models, and is included when the Sport/Gypsy Model Option (YC3) is ordered. A wide, four stripe decal is included on base models, and is applied below the lower styling crease lines. The decal color matches the color code 2 paint choice, and is applied over the paint break line in such a way that the color code 1 color paint shows through the clear areas to contrast with the decal colors. The

color code 1 color choice is applied to the areas above the bottom stripe of the decal, and the color code 2 color is applied to the areas below the decal. RPO B84 Body Side Moldings may be ordered with ZY7 on base models, if desired (at extra cost), and will replace the striping decal. Tailgate lettering for base models is silver when Galaxy Blue, Indian Bronze, Midnight Black, or Apple Red exterior colors are specified and black for all other exterior colors.

SPECIAL TWO-TONE

Special two-tone paint (ZY8), which provides a mid-accent two-tone scheme, is available on base and Tahoe/Sierra Classic models and includes B84 body side and wheel opening moldings (except on Tahoe/Sierra Classic models where already included) which are applied below the lower styling crease lines. The areas below the molding and above

the belt styling crease line are painted the color code 1 paint color. The areas between the molding and the belt styling crease line are painted the color code 2 color. Tailgate lettering for base models is silver when Galaxy Blue, Indian Bronze, Midnight Black, or Apple Red color code 2 exterior colors are specified and black for all other colors.

*Optional at extra cost

Chevrolet model shown (GMC model available)

RALLY STRIPING

RPO D98 Rally Striping is available in six colors and is available on S-10/15 Blazer/Jimmy models only when ZY1 Solid Paint is ordered. A decal stripe color must be selected from the D98 color selection chart on page H. The 6 stripe decal is applied just above the belt styling crease line

on the front fenders, door and body sides. The stripes vary in width from about $\frac{1}{2}$ " at the bottom to $\frac{1}{4}$ " at the top, with an overall width of about 3." Clear areas between the stripes allow the exterior paint color to show through.

*Optional at extra cost

The application of paint for solid and two-tone exterior color combinations is shown below.

HIGH COUNTRY/TIMBERLINE PACKAGE

The High Country/Timberline Package is available only when the YC2 Tahoe/Sierra Classic model option or YC3 Sport/Gypsy model and ZY6 Custom Two-Tone Paint is ordered on 4x4 Blazer/Jimmy models. Color Code 1 must be Midnight Black and Color Code 2 must be Nevada Gold Metallic. A wide decal is applied across the center of the vehicle and is graduated in color from Black at the top to Gold at the bottom. The decal extends from the belt styling crease line to the lower styling crease line.

The High Country/Timberline Package includes special decal nameplates; black chrome on grille, headlamp trim, taillamp trim, door handles, and nameplates; reclining seat backs and deep tinted glass (with light tinted rear window), black below eyeline mirrors, console (on YC2 models only), color-keyed bumpers and special gold tone aluminum wheels. The package requires white lettered tires, full size spare tire and saddle tan interior trim with either custom cloth or genuine leather seat trim.
