

CHEVY VAN

1

ADVERTISING INFORMATION

CHEVY VAN

EXTERIOR

- One new color is available, Champagne Metallic (Code 62).
- New "Fuel Injection" nameplate for all Chevy Van models is located below the Chevrolet nameplate on the LH rear door.

BODY

- New base seat trim material. This new color-printed vinyl replaces the "basket-weave" vinyl previously used. The new material is more durable.

CHASSIS AND POWER TEAM

- Note: For 1987, all gas engines in Chevy Van with GVWRs of 10,000 lbs. and under will be certified using light-duty emissions test procedure. This will require the use of a catalytic converter and unleaded fuel.
- All gas engines in models 10,000 lbs. GVWR and under will have Electronic Fuel Injection (EFI). The advantages are:
 - Improved fuel control for enhanced cold starting
 - Reduced plug fouling
 - Improved fuel economy
 - Improved drivability under all operating conditions
 - Greater reliability through the use of fewer parts
 - No external adjustments.

THE VORTEC 4.3 LITER V6 ENGINE also features anti-friction roller hydraulic valve lifters for 1987. This new feature helps reduce friction and improve fuel economy.

THE RPO LO3 5.0 LITER (305 CU. IN.) V8 EFI ENGINE is now available nationwide, as well as California. HP and torque are increased by about 6%.

THE 5.7 LITER (350 CU. IN.) V8 EFI ENGINE RPO LO5 is now available nationwide. Horsepower increases about 18% and torque about 4%.

New "serpentine" drive belt replaces the conventional multiple V-belts on all engines with EFI. Benefits are:

- Automatic belt tensioning
- Spring-loaded tensioner
- Less complex system
- 100,000-mile life expectancy.

New Delco Freedom batteries are lighter in weight and feature a newly designed "flat top" case. They provide higher cold cranking amps for all engines except the 6.2 Liter Diesel. The increases are:

Engine	Cold Cranking Amps	
	1986	1987
4.3 Liter V6	500	525
5.0 & 5.7 Liter V8	405	525
H.D. Battery, RPO UA1	540	630

Delcotron generator capacities have also been increased for all gas engine applications. The base capacity increases from 37 amps to 85 amps. Models equipped with air conditioning have 100-amp unit.

OPTIONS

- Custom Vinyl seat-trim fabric.
- Front floor carpeting includes carpet wear pads on the front wheelhousing kickup area for improved durability.
- AM/FM stereo radio/ stereo cassette with Seek and Scan feature and clock.
- Rear compartment combination dome and reading lights with interrupter switch allow doors to remain open with dome lamps off.
- All 15" highway-tread steel-belted radial tires have all-season tread on G10 and G20 models.
- Cast aluminum wheels for stylish appearance. Includes four 15" x 6.5" wheels.
- Trailering: When properly equipped, Chevy Van can move up to 13,500 lbs. (including van, passengers, equipment, cargo and trailer).

STANDARD VALUE FEATURES

ALL THIS AT NO EXTRA COST:

- "Vortec" 4.3 Liter V6 engine for impressive performance.
- All-season, steel-belted radial ply tires are base equipment on all G10-20 models.
- Wide tread contributes to stable, impressive handling.
- Power steering standard on G20-30.
- Styled for good looks and utility.
- Stylish grille surrounded by headlamp/parking lamp bezels, painted light argent.
- Inside hood release for greater security.
- Windshield washers with nozzles attached to the wiper arms for effective cleaning.
- Custom Vinyl seat-trim fabric, matching passenger seat available.
- Driver seat mounted on extended track for more leg room.
- Large fuse block for easy serviceability.
- Instrument panel extension features an ashtray, handy storage bin and parcel tray.
- Epoxy bonding, instead of spot-welding, joins door inner and outer panels for better appearance.
- G30 Vans with 8,600-lb. GWR have height-sensing rear brake proportioning valve for better braking balance when loaded or unloaded.
- Swing-out side doors with new solid 90° door check available as a no-cost option with or without windows on Chevy Van.
- Right-side sliding door for easy loading. Requires only 4½" of side clearance.
- Front-opening hood permits access to 27 maintenance items.
- High-level air intake for heating/ventilation system.
- Concealed front and side door steps for easy access to cargo or seating area.
- Unitized body construction.
- Wide rear door opening—an impressive 54.4". Opens a full 180° for easy dock loading.
- Chevy 125" wheelbase van has a spacious cargo area—up to 260 cu. ft. of load space, up to 14-ft. maximum load length.
- Fully independent coil-spring front suspension helps minimize road shock and smooth the ride.
- Two-stage multileaf rear springs for easy ride when empty, firm support when fully loaded.
- V8 power available.** For extra power, Chevrolet offers a choice of rugged V8s: The 5.0 Liter (305 Cu. In.) and 5.7 Liter (350 Cu. In.) with Electronic Fuel Injection. The 5.7 Liter (350 Cu. In.) is standard on heavy-duty G30 Chevy Vans.
- 6.2 Liter (379 Cu. In.) V8 Diesel.** L.D. for G20 Series and H.D. for G30 Series. Proven design. Provides impressive torque with diesel efficiency.

IMPROVED ANTI-CORROSION PROTECTION

- Special steels used for selected components to help fight corrosion: two-sided galvanized steel inner and outer hood panels, LH and RH body side door outer panels, body sliding side-door outer panel, sliding side-door upper outer track and cover.
- Anti-chip coating along the lower body and protective coating over front-door hinge pins.
- Sealers help keep moisture from critical joints in wheel-housings, rocker panels and front door. Step panels are sprayed with underbody protective coating.
- Cab and entire underbody are ELPO primed through immersion in an electrically charged primer paint. A positive and negative charge draws paint into hard-to-reach cracks and crevices for corrosion protection.
- Aluminized exhaust system for corrosion protection.

ENGINE VALUE FEATURES

The Vortec 4.3 Liter V6 gas engine is a naturally aspirated 90° V6 with 4-cycle design. Advantages of this engine include:

- Electronic Fuel Injection
- Improved mixing of fuel and air as a result of the swirl-port induction system.
- More complete fuel burning due to the centralized spark plug combustion chamber.
- Volumetric efficiency is the major result of the higher 9.3 to 1 compression ratio. The higher compression ratio is coupled with the Electronic Spark Control (ESC), which controls spark knock. In addition to the above, the 4.3 Liter V6 basic features are:
- Copper-core spark plugs help prevent plug fouling.
- Single-point air injection.
- Even firing results in smooth operation and allows a low idle speed.
- Stone-ground, microfinished crankshaft.
- Tubular stainless steel exhaust manifolds.
- Low-tension oil rings for reduced friction.
- Rocker arm covers fit into a recess in the cylinder heads for better sealing.

CHASSIS VALUE FEATURES

ALUMINIZED EXHAUST SYSTEM

- Coated inside and out to help fight corrosion.
- Special hangers allow for heat expansion.

TRANSMISSIONS

- Floor-mounted, fully synchronized, 3-speed manual transmissions standard in G10 Chevy Vans, G20 gasoline-engine Chevy Vans.
- 4-speed, synchronized manual transmissions with overdrive standard in G20 Chevy Vans with diesel engines.

- 3-speed automatic transmissions standard in G30/C6P Chevy Vans.

FRONT SUSPENSION

- Chevy's rugged girder-beam independent front suspension puts a husky coil spring at each wheel, along with tough suspension members, for a smooth, quiet ride.

REAR AXLES

- 5,700-lb.-capacity Salisbury semi-floating design for G30 models features a 9½" ring gear.
- Locking rear differential, RPO G80, available on all models.
- Two-stage multileaf rear springs automatically adjust to the load.

COUNTER-ANGLED REAR SHOCKS

- Designed to help reduce wheel hop.

BRAKES

Front disc brakes and finned-drum rear brakes are incorporated into complete braking systems, which are computer matched to each model. Audible wear sensors warn of need to replace front brake pads. Semi-metallic front brake linings on G10 and G20, as well as nonasbestos rear linings on most vehicles.

DIMENSIONS AND WINDOWS

AVAILABLE WINDOW COMBINATIONS

Include any or all of the following:

Rear door windows (stationary or swing-out).

Windows on right side only.

Window in sliding door (one-piece fixed or two-piece swing-out) and two-piece swing-out on left side.

Windows all around.

Note: Clear, tinted and deep-tinted glass available for all combinations.

CHEVY VAN/VANDURA

THE FOLLOWING EQUIPMENT IS STANDARD ON DIESEL ENGINE MODELS (ALSO SEE STANDARD SPECIFICATIONS PAGES)

- Low Coolant Sensor
- Poly-wrapped Paper Element Air Cleaner
- Power Steering
- Engine Block Heater (600 watts, 120 volts)
- Water/fuel separator unit which incorporates a water sensor and sending unit, a fuel filter, a fuel heater and water drain capability
- Hydraulic Power-assisted Brakes
- K81 66-amp Generator
- Engine Oil Cooler (located in radiator tank)
- Dual 540 Cold Cranking Amp/115 min. Reserve Capacity Batteries
- HD Radiator
- Dual Exhaust System
- Warning Lights: Glow Plugs, Water-in-fuel (or fuel filter), and Low Coolant
- Diesel Engine Identification:
 - Fender nameplates
 - LH rear door nameplate
 - "Diesel fuel only" filler cap and label
- Additional Insulation:
 - Fiberglass/aluminum engine cover and engine cover extension insulators
 - Special mastic/fibre front floor insulators
 - Front floor mats which extend under seats
 - Interior compartment dash panel insulation
 - Engine compartment dash panel insulation
 - Hush panels under instrument panel
 - Engine hood insulation
 - Special rubber seal at cowl

TWO-TONES**

CHEVY VAN/VANDURA

STANDARD MODEL—BODY ORDERING CODE—ZW9

The standard model includes the following items as standard equipment

EXTERIOR

- **Bumpers:** Front and rear, painted silver
- **Colors:** See Interior and Exterior Color Selection Chart
- **Doors:** RH and LH front side doors; RH and LH rear load doors; a RH sliding side load door is standard, however, hinged RH side loading doors are available
- **Door Opening and Locking Methods:**
Front side doors: Outside pushbutton latch release in door handle with separate key lock; keyless outside locking
Sliding side load door: turning outside handle counterclockwise releases both front and rear latches; to close door, reverse procedure; for opening and closing of door from inside, reverse outside procedure; door is locked from outside through a separate key lock
RH and LH rear doors: Pushbutton latch release in RH door handle opens door, and after opening RH door, LH door latch is released by lower inside lift handle; separate key lock cylinder in RH door
- **Glass:** Windshield; RH and LH front side door drop glass and pivoting ventpanes
- **Grille:** Molded plastic; painted light argent; integral Chevrolet emblem/GMC letters at center
- **Grille Frame:** Headlamp/parking lamp bezels plus upper and lower moldings joining extensions of lamp bezels; painted light argent
- **Horn:** Single, electric low-note
- **Hub Caps:** Bright metal with black trim
- **Keys:** Two-key system with separate keys for ignition switch and doors and tailgate
- **Lights:**
Backup lamps: Two rear (integral with taillamps)
Combination parking/direction/hazard: Two front
Combination tail/stop/direction/hazard: Two rear
Headlamps: Two; Rectangular
License plate lamp: Single rear
Side marker lamps with reflectors: Two front and two rear
- **Mirrors:** RH and LH chrome; fixed arm with adjustable 6" wide x 4⁹/₁₆" high head

- **Nameplates:** Bright "Chevy Van/Vandura/Series" plate on front fenders; bright "Chevrolet/GMC letters" plate on LH rear door
- **Tools:** Mechanical jack and wheel wrench
- **Undercoating:** On body rocker panels, step panels, wheel-housings
- **Wheels:** Painted white
- **Windshield Wipers and Washers:** Electric, 2-speed wipers with black finish on exposed metal portions; wet-arm design demand-type washer system

SIDE SWING OUT DOORS—RPO E24

These hinged double side doors are available at no extra cost to replace the standard sliding side door. They feature stainless steel hinge pins and galvanized steel outer panels. The forward door is approximately 12 inches wider than the rearward door to provide a wide opening for cargo or passengers when only the forward door is opened.

CHEVY VAN/VANDURA

STANDARD MODEL—BODY ORDERING CODE—ZW9

The standard model includes the following items as standard equipment

INTERIOR

- **Air Vents:** RH and LH; individually controlled
- **Armrest:** LH side door; padded
- **Ashtray:** At top of instrument panel extension; with door
- **Coat Hooks:** On LH side panel to rear of driver's seat
- **Colors:**
 - Painted areas: Same as exterior primary color choice
 - Interior trim: Coordinated with seat trim color choice
- **Dome Lamps:** Two; with front door-actuated switches (dome lamps may also be activated by main light switch)
- **Door Locks:** Inside pushbutton lock/release for front doors; rotating locking knob for sliding side door
- **Door Seals:** Latex foam rubber
- **Floor Covering:** Embossed black rubber mats, LH front floor area and wheelhousing
- **Headliner:** Mystic-colored perforated hardboard; driver area
- **Heater and Defogger:** Deluxe-air
- **Hood Lock Release:** Handle located on LH side of instrument panel
- **Instruments:**
 - Gages: Speedometer, odometer, and fuel
 - Switches: Main, for control of exterior lights, instrument lights and dome lights; multi-function switch on steering column for direction signals by moving lever up or down (includes lane change position), headlight beams by pulling lever toward driver, windshield wiper by turning band marked "WIPER" toward or away from driver, and windshield washer by pushing in the lever knob; ignition with key-in warning buzzer; hazard warning; heater fan; door-operated dome lamp
 - Warning lights: Generator, oil pressure, engine temperature, service-parking brake, direction/hazard signal, and high beam
- **Instrument Panel:** Bright trim on gauge bezels; black applique with bright trim on area below instrument cluster
- **Insulation and Sound Deadening Material:** Dash (fire-wall), LH front floor panel, engine cover front extension and inside engine cover
- **Lights:** Instruments, front and rear dome
- **Main Light Switch Control Knob:** Bright, with brushed finish and black graphic identification
- **Parcel Tray:** On top surface of instrument panel extension; includes beverage holder provisions
- **Safety Step Pads:** Front and rear side door step panels
- **Seat:** Front, bucket driver; adjustable; all-vinyl trim; foam padded. Also available at extra cost: High back driver and passenger seats in standard vinyl or Custom vinyl. See Interior and Exterior Color Selection Chart for color and trim availability
- **Seat Belt:** Color-keyed with pushbutton release and outboard retractor
- **Spare Tire Carrier:** RH rear side
- **Steering Wheel and Column:** 15.25" diameter black soft vinyl wheel with 2 spokes; black energy-absorbing steering column with anti-theft locking feature
- **Stowage Box:** In front face of instrument panel extension; with latched door
- **Sunshade:** LH padded, color-keyed
- **Trim Panels:** Painted metal with decorative embossments; front and rear side doors

CHEVY VAN/VANDURA

BODY GLASS COMBINATIONS

GMC model shown (Chevrolet model available)

2-WINDOW RH BODYSIDE GLASS (RPO A08)

Two-window glass for RH side of vehicle only. Windows with fixed glass provided in RH rear-quarter panel and in side cargo door(s). Included in 6-Window Body Glass (RPO A07).

FIXED SIDE DOOR GLASS (RPO A13)

A single large fixed glass in the RH sliding cargo door or a single fixed glass in each hinged side cargo door. Included with 2-Window Body Glass (RPO A08).

Chevrolet model shown (GMC model available)

6-WINDOW BODY GLASS (RPO A07)

Full body glass consisting of six fixed-glass windows. Option is comprised of LH and RH rear-quarter window glass, LH front-quarter window glass, side cargo door glass, and LH and RH rear cargo door glass. Includes interior non-glare mirror.

FIXED REAR DOOR GLASS (RPO A12)

Consists of RH and LH rear door fixed glass. Includes interior non-glare mirror. Included with 6-Window Body Glass (RPO A07).

SWING-OUT LH SIDE GLASS (RPO A17)

Consists of divided, bright-framed swing-out glass installed on the LH side of the body opposite the side cargo door(s). Individual latches allow independent operation. Requires Swing-Out Side Door Glass (RPO A19).

SWING-OUT SIDE DOOR GLASS (RPO A19)

Swing-out windows for the side cargo door(s) are bright framed. Sliding door unit is divided at the center for individual operation.

SWING-OUT REAR DOOR GLASS (RPO A18)

Consists of LH and RH rear cargo door glass with swing-out hinge and latch. Includes interior non-glare mirror.

CHEVY VAN/VANDURA

STANDARD DRIVER'S SEAT ONLY

WITH OPTIONAL RH PASSENGER SEAT

Chevrolet model shown
(GMC model available).

CHEVY VAN/VANDURA SEATING AND LOADSPACE

Seating arrangement for standard and optional front seat.

*110" WB MODELS

INSTRUMENTS

The standard instrument cluster gages and heater controls are set into the molded plastic instrument panel and have bright bezels. The large LH opening contains the speedometer, odometer, high beam indicator, and service-parking brake warning light. Diesel engine models will also have warning lights for low coolant, glow plugs and water-in-fuel.

The large RH opening contains the fuel gage with a graphic symbol. An "Unleaded Fuel Only" notation is carried on the face of the fuel gage for models which require this fuel. The upper small opening between these two large openings houses the warning lights with graphic symbols for temperature, low oil pressure and generator. The lower opening is provided to house the RPO U35 electric clock.

On the upper RH side the two small openings are provided to house the controls for the RPO C36 rear heater (LH) and the RPO C69 rear air conditioner (RH). Below these openings are the heater/defogger and optional front air conditioner controls with graphic symbols for the fan and defogger. A similar instrument cluster with voltmeter, oil pressure gage and engine temperature gage is available as RPO Z53.

The area below the instrument cluster contains, from left to right, the windshield washer/wiper switch, with graphic symbol, main light switch, and ignition switch. This lower area has a black applique with bright trim. At the far left is the provision for the LH front air conditioner air outlet.

CHEVY VAN/VANDURA

BODY CONSTRUCTION FEATURES

Chevrolet model shown (GMC model available)

The all-steel, Chevy Van/Vandura and Sportvan/Rally bodies feature body-frame integral construction for outstanding structural rigidity and excellent durability. The basic bodies of either the nominal 15 foot (110" WB) or 17 foot (125" WB) models are comprised of an underbody structure, front end structure, left and right hand side panel structures, and a roof panel structure.

Longitudinal side rails, cross sills, and outriggers form the integral frame to which front and rear floor panels are welded, completing the underbody structure. Main structural members are of heavy-gage steel. A step well is incorporated in the underbody in the area adjacent to the front doors and sliding side door to provide convenient entry and exit.

The front end structure incorporates an engine compartment with outside opening hood panel which affords quick and easy access to 27 service points, such as the engine, radiator, battery, brake master cylinder and windshield washer reservoir. The radiator support upper tie bar and baffles are mechanically attached to facilitate engine removal. A plenum chamber with high-level air intake is utilized in the front end structure to assure a plentiful supply of dry, outside air for interior heating and ventilating as well as to add rigidity to the overall body structure. Air outlets to the interior are provided on the left hand and right hand sides by manually controlled doors (RH door omitted with optional air conditioning).

Side panel structures are comprised basically of seamless, one-piece outer panels reinforced with vertical strainers and welded to roof rails at the top and to rocker panels at the bottom. Left hand side panel structures utilize three vertical strainers, with a fourth strainer added for 17-foot bodies. Right hand side panel structures, which are smaller because of the provision for the base side load door, are reinforced with one vertical strainer in 15-foot body applications and two strainers in 17-foot body applications. Two window openings are incorporated in the left hand side panel for all Sportvans/Rally, or for Chevy Vans/Vandura with RPO A07 body glass; one window is incorporated for Chevy Vans/Vandura with RPO A17 body glass. The right hand side panel for Sportvan/Rally models, or Chevy Van/Vandura with RPO A07 or A08 body glass, has one window. Provision is made at the rear of the left hand side panel for incorporation of a door to conceal the fuel tank filler.

Roof panels are of one-piece design and are embossed with six longitudinal stiffening ribs. Four roof bows support the 15-foot body roof panel, while five roof bows are used for the 17-foot body.

Special attention is given to corrosion prevention during the construction and final finishing of the body. The following body design features occur during the construction of the body:

1. Use of special steel (galvanized, zinc iron alloy, zinc coated) for body components especially subject to corrosion.
2. Use of one-piece outer panels to minimize exterior joints where corrosion might occur.
3. Use of heavy-gage steel for main underbody components.
4. Use of weld-through sealers in the assembly process to assure strong welds.

After body construction is completed, additional corrosion preventative steps are taken in the final finishing operation. The following occur:

1. The body, doors and hood are thoroughly cleaned by processing them through a 7-stage zinc phosphate washer.
2. Next, the body, doors and hood are primed by the Elpo electro-coating process which is the deposition of an electrically charged colloidal paint using an electric current. Electro-coating assures uniform application of primer even on surfaces normally inaccessible. In the process, the body, doors and hood are submerged in an emulsion of water and paint; the body, doors and hood and the emulsion are then oppositely charged, causing the paint to adhere to the metal.
3. Sealers are then applied to all critical interior-exterior joints.
4. Undercoating is sprayed on the undersurfaces of the wheel-housings, front door step panels and body rocker panels.
5. The body, doors and hood are painted with enamel.
6. A sealer pad is installed on the top surface of the floor panel at the left hand side, and is bonded to the floor panel as the body bakes in the topcoat oven.
7. The lower inside surfaces of the doors and rocker panels are sprayed with aluminum wax preservative.
8. A protective coating is applied to the front door hinge pins.
9. Finally, an anti-chip coating is added which extends from the rear of the front wheel openings to the rear door openings to prevent stone chipping.

CHEVY VAN/VANDURA

SOLID AND TWO-TONE* EXTERIOR COLOR COMBINATIONS

The application of paint for solid and two-tone exterior color combinations is shown below.

Chevrolet model shown
(GMC model available)

Solid color paint (ZY1) is standard on all models. All painted areas of the body are the same color.

GMC model shown (Chevrolet model available)

Special two-tone (ZY3) paint colors include black body side and rear moldings. Color code 1 is applied to the areas above the moldings. Color code 2 is applied to the areas below the moldings.

Chevrolet model shown (GMC model available)

Deluxe two-tone (ZY4) paint colors include black body side and rear moldings with bright trim. Color code 1 is applied to the areas above the belt line styling crease line and below the moldings. Color code 2 is applied to the areas between the belt line styling crease line and the moldings.

*Optional at extra cost.

CHEVY VAN/VANDURA

INTERIOR AND EXTERIOR COLOR AVAILABILITY CHART

Please Note: Below are the interior trim color and exterior paint combinations recommended by Chevrolet/GMC. The only available color code 1/color code 2 exterior color combinations are those shown in the chart below, however, any available interior trim color may be ordered with one of these exterior color combinations if the particular combination is desired by the customer.

SPORTVAN

SPORTVAN

EXTERIOR

- One new color is available, Champagne Metallic.
- New "Fuel Injection" nameplate is located below the Chevrolet nameplate on the left hand rear door.

BODY

- New base seat trim material. The new color printed vinyl replaces the "basket-weave" vinyl previously used, and is more durable.
- New cargo tie-downs, RPO AP1, are available on G2 & G3 Sportvan models only. The tie-downs are actually the third seat mounting pockets and provide a convenient means of securing cargo behind the second seat or relocating it if desired.

CHASSIS AND POWERTRAIN

- Note: For 1987, all gas engines in these models with GVWRs 10,000 lbs. and under will be certified using the light-duty emissions test procedure. This will require the use of a catalytic converter and unleaded fuel.
- All gas engines in models with GVWRs of 10,000 lbs. and under will have Electronic Fuel Injection (EFI). The advantages are:
 - Improved cold starting
 - Reduced plug fouling
 - Improved fuel economy

- Improved drivability
- Enhanced reliability
- No external adjustments.

THE VORTEC 4.3 LITER V6 ENGINE also features anti-friction roller hydraulic valve lifters for 1987. This new feature helps reduce friction and improve fuel economy.

THE RPO LO3 5.0 LITER (305 CU. IN.) V8 EFI ENGINE is now available nationwide, as well as California. HP and torque are increased by about 6%.

THE 5.7 LITER (350 CU. IN.) V8 EFI ENGINE, RPO LO5, is now available nationwide. Horsepower increases about 18% and torque about 4%.

A single-belt accessory drive, also called serpentine drive, replaces the conventional

multiple V-belts on all engines with EFI. Benefits are:

- Automatic belt tensioning
- Spring-loaded belt tensioner
- 100,000-mile life expectancy.

New Delco Freedom batteries which are lighter in weight and feature a "flat top" design are standard for 1987. They provide higher cold cranking amps for all engines except the 6.2 Liter Diesel. The increases are:

Engine	Cold Cranking Amps	
	1986	1987
4.3 Liter V6	500	525
5.0 & 5.7 Liter V8	405	525
H.D. Battery, RPO UA1	540	630

Delcotron generator capacities have also been increased for all gas engine applications. The base capacity increases from 37 amps to 85 amps. Models equipped with air conditioning have a 100-amp unit.

SPORTVAN

OPTIONS

- Stylish Bonaventure Sportvan front end for a fresh look.
- Stylish Beauville Sportvan front-end appearance. Highlights include quad rectangular headlamps and grille with body-color paint-fill treatment.
- Custom Vinyl seat trim fabric.
- Front floor carpeting includes carpet wear pads on the front wheelhousing pickup area for good durability.
- AM/FM stereo radio/stereo cassette with Seek and Scan feature and digital clock.
- Rear speakers included with stereo radios are enclosed in the upper rear pillars on either side of the rear doors. (Note: Speaker grille perforations included on all Bonaventure and Beauville models even without radios.)
- Rear floor mats for Sportvan models.
- Rear compartment combination dome and reading lights, with interrupter switch, allow doors to remain open with dome lamps off.
- All 15" highway-tread, steel-belted radial tires have all-season tread on G10 and G20 models.
- Trailering: When properly equipped, Sportvan can move up to 13,500 lbs. (including Sportvan, passengers, equipment, cargo and trailer).

STANDARD VALUE FEATURES

ALL THIS AT NO EXTRA COST:

- Vortec 4.3 Liter V6 engine with EFI for impressive performance.
- Power steering standard on all models.
- All-season, steel-belted radial ply tires for improved traction, long tread life on G10-20 Series models.
- High-level air intake for heating/ventilation system.
- Convenient storage space under both front standard bucket seats.
- Inside hood release for greater security.
- Windshield washers with nozzles attached to wiper arms for more effective cleaning.
- Instrument panel extension has ashtray, handy storage bin and parcel tray.
- Large fuse block for easier servicing.
- Large glass area for good visibility.
- Driver seat mounted on extended track for more leg room.
- Choice of swing-out or sliding side cargo doors provides buyers with great flexibility.
- Semi-metallic front and nonmetallic rear brake linings on most models.
- Height-sensing rear brake proportioning valve for better braking balance when loaded and unloaded on G30 models with 8,600 GVWR or over.
- Concealed front and side door steps for easy access to cargo or seating area.

- Choice of sliding side door or 60/40 swing-out doors at no extra cost.
- Wide rear door opening, a full 54.4 inches. Opens a full 180° for easy dock loading.
- Fully independent coil-spring front suspension helps minimize road shock and smooth the ride.
- Bonded hem flanges on doors eliminate spot weld marks.
- Unitized body construction.
- Anti-chip coating along the lower body and protective coating over front door hinge pins.
- Sealers help keep moisture from critical joints in wheel-housings, rocker panels and front door. Step panels are sprayed with underbody protective coating.
- Cab and entire underbody are ELPO primed through immersion in an electrically charged primer paint. A positive and negative electrical charge draws paint into hard-to-reach cracks and crevices for corrosion protection.
- Aluminized exhaust system for added life.

IMPROVED ANTI-CORROSION PROTECTION:

- Special steels used for selected components to help fight corrosion. Includes two-sided galvanized steel inner and outer hood panels, LH and RH body side door outer panels, sliding side door outer panel, sliding side door upper outer track and cover.

ENGINE VALUE FEATURES

The Vortec 4.3 Liter V6 gas engine is a naturally aspirated 90° V6 with 4-cycle design. Advantages of this engine include:

- Electronic Fuel Injection
- Improved mixing of fuel and air as a result of the swirl-port induction system.
- More complete fuel burning due to the centralized spark plug combustion chamber.
- Volumetric efficiency is the major result of the higher 9.3 to 1 compression ratio. The high-compression ratio is coupled with the Electronic Spark Control (ESC), which controls spark knock.

In addition to the above, the 4.3 Liter V6 basic features are:

- Copper core spark plugs help prevent plug fouling.
- Single-point air injection.
- Even firing results in smooth operation and allows a low idle speed.
- Stone-ground, microfinished crankshaft.
- Tubular stainless steel exhaust manifolds.
- Low-tension oil rings for reduced friction.
- Rocker arm covers fit into a recess in the cylinder heads for better sealing.

V8 POWER AVAILABLE.

For extra power, Chevrolet offers a choice of rugged V8s: The 5.0 Liter (305 Cu. In.) with Electronic Spark Control and a 5.7 Liter (350 Cu. In.) that's standard on heavy-duty G30 Chevy Vans.

V8 EFI ENGINES. The 5.0 Liter engine, RPO L03, and the 5.7 Liter engine, RPO L05, are now available with Electronic Fuel Injection for improved performance and drivability.

6.2 LITER (379 CU. IN.) L.D. for G20 Series and H.D. for G30 Series. (Not available in California.) Proven design. Provides impressive torque with diesel efficiency.

CHASSIS VALUE FEATURES

ALUMINIZED EXHAUST SYSTEM

- Coated inside and out for extended life.
- Special hangers allow for heat expansion.

TRANSMISSIONS

- Floor-mounted, fully synchronized, 3-speed manual transmissions standard in G10 Sportvan, G20 gasoline engine Sportvan.
- 4-speed, synchronized manual transmissions with overdrive standard in G20 Sportvans with diesel engines.
- 3-speed automatic transmissions standard in G30/C6P Sportvans.

FRONT SUSPENSION

- Chevy's rugged girder beam independent front suspension puts a husky coil spring at each wheel along with tough suspension members, for a smooth, quiet ride.

REAR AXLES

- 5,700-lb.-capacity Salisbury semi-floating design for G30 models features a 9½" ring gear.
- Locking rear differential, RPO G80, available on all models.
- Two-stage multileaf rear springs automatically adjust to the load.

COUNTER-ANGLED REAR SHOCKS

- Designed to help reduce wheel hop.

BRAKES

Front disc brakes and finned-drum rear brakes are incorporated into complete braking systems, which are computer matched to each model. Audible wear sensors warn of need to replace front brake pads. Semi-metallic front brake linings on G10 and G20, as well as nonasbestos rear linings on most vehicles. G30 Sportvans with 8,600 GVWR have height-sensing rear brake proportioning valve for better braking balance under loaded and unloaded conditions.

WIDE-STANCE CHASSIS DESIGN

- Contributes to good stability.

BONAVENTURE/BEAUVILLE TRIM OPTIONS

Beauville trim

The Bonaventure has two front high-back bucket seats and rear bench seat in Custom Vinyl. Choose from four colors: Blue, Burgundy, Saddle Tan and Slate Gray. In addition to the Custom Vinyl, the top-of-the-line Beauville adds Custom Cloth high-back or reclining bucket seats to the list of available Sportvan seat trims.

Armrests are included on each side of each reclining seat. Cloth seat trim colors: Blue, Burgundy, Mahogany, Saddle Tan and Slate Gray. See pages F and G for complete details on other trim features of the Bonaventure and Beauville options.

SPORTVAN/RALLY

THE FOLLOWING EQUIPMENT IS STANDARD ON DIESEL ENGINE MODELS (ALSO SEE STANDARD SPECIFICATIONS PAGES)

- Low Coolant Sensor
- Poly-wrapped Paper Element Air Cleaner
- Power Steering
- Engine Block Heater (600 watts, 120 volts)
- Water/fuel separator unit which incorporates a water sensor and sending unit, a fuel filter, a fuel heater and water drain capability
- Hydraulic Power-assisted Brakes
- K81 66-amp Generator
- Engine Oil Cooler (located in radiator tank)
- Dual 540 Cold Cranking Amp/115 min. Reserve Capacity Batteries
- HD Radiator
- Dual Exhaust System
- Warning Lights: Glow Plugs, Water-in-fuel (or fuel filter), and Low Coolant
- Diesel Engine Identification:
 - Fender nameplates
 - LH rear door nameplate
 - "Diesel Fuel Only" filler cap and label
- Additional Insulation:
 - Fiberglass/aluminum engine cover and engine cover extension insulators
 - Special mastic/fibre front floor insulators
 - Front floor mats which extend under seats
 - Interior compartment dash panel insulation
 - Engine compartment dash panel insulation
 - Hush panels under instrument panel
 - Extra-thick foam-backed cloth headliner for Bonaventure/Rally Custom and Beauville/Rally STX models
 - Engine hood insulation
 - Special rubber seal at cowl

TWO-TONES**

SPORTVAN/RALLY

STANDARD MODEL—BODY ORDERING CODE ZW9

The standard model includes the following items as standard equipment

EXTERIOR

- **Bumpers:** Front and rear; painted silver
- **Colors:** See Interior and Exterior Color Selection Chart
- **Doors:** RH and LH front side doors; RH and LH rear load doors; a RH sliding side load door is standard, however, hinged RH side loading doors are available
- **Door Opening and Locking Methods:**
 - Front side doors: Outside pushbutton latch release in door handle with separate key lock; keyless outside locking
 - Sliding side load door: Turning outside handle counterclockwise releases both front and rear latches; to close door, reverse procedure; for opening and closing of door from inside, reverse outside procedure; door is locked from outside through a separate key lock
 - RH and LH rear doors: Pushbutton latch release in RH door handle opens door, and after opening RH door, LH door latch is released by lower inside lift handle; separate key lock cylinder in RH door
- **Glass:**
 - Windshield
 - RH and LH front side door drop glass and pivoting ventpanes with pushbutton locks
 - Double flip-out glass in sliding side door and same on opposite side; bright frames
 - Stationary glass in each rear-quarter window and rear door
- **Grille:** Molded plastic; painted light argent; integral Chevrolet emblem/GMC letters at center
- **Grille Frame:** Headlamp parking-lamp bezels plus upper and lower moldings joining extensions of lamp bezels; painted light argent
- **Horns:** Dual, electric, low- and high-note
- **Hub Caps:** Bright metal with black trim
- **Keys:** Two-key system, with separate keys for ignition switch and door locks
- **Lights:**
 - Backup lamps: Two rear (integral with taillamps)
 - Combination parking/direction/hazard: Two front
 - Combination tail/stop/direction/hazard: Two rear
 - Headlamps: Two; Rectangular
 - License plate lamp: Single rear
 - Side marker lamps and reflectors: Two front and two rear

- **Mirrors:** RH and LH chrome; fixed arm with adjustable 4½" x 6" head
- **Nameplates:** Bright "Sportvan/Rally" plates on front fenders; bright "Chevrolet/GMC letters" plate on LH rear door
- **Tools:** Mechanical jack and wheel wrench
- **Undercoating:** On body rocker panels, step panels, and wheel-housings
- **Wheels:** Painted white
- **Windshield Wipers and Washers:** Electric, 2-speed wipers with black finish on exposed metal portions; wet-arm design demand-type washer system

SIDE SWING OUT DOORS—RPO E24

These hinged double side doors are available at no extra cost to replace the standard sliding side door. They feature stainless steel hinge pins and galvanized steel outer panels. The forward door is approximately 12 inches wider than the rearward door to provide a wide opening for cargo or passengers when only the forward door is opened.

SPORTVAN/RALLY

STANDARD MODEL—BODY ORDERING CODE ZW9

The standard model includes the following items as standard equipment

INTERIOR

- **Air Vents:** RH and LH; individually controlled
- **Armrests:** RH and LH side door and rear seat; padded
- **Ashtrays:** At top of instrument panel extension, with door. In rear seat armrests; with covers
- **Coat Hook:** LH side
- **Colors:**
 - Painted areas: Same as exterior primary color choice
 - Interior trim: Coordinated with seat trim color choice
- **Dome Lamps:** Two; with front door-actuated switches (dome lamps may also be activated by main light switch)
- **Door Locks:** Inside pushbutton lock/release for front doors; rotating locking knob for sliding side door
- **Door Seals:** Latex foam rubber
- **Floor Covering:** Embossed black rubber mats; over entire floor area and front wheelhousings
- **Headliner:** Mystic-colored perforated hardboard; driver area
- **Heater and Defogger:** Deluxe-air
- **Hood Lock Release:** Handle located on LH side of instrument panel
- **Instruments:**
 - Gages: Speedometer, odometer, and fuel
 - Switches: Main, for control of exterior lights, instrument lights and dome lights; multi-function switch on steering column for direction signals by moving lever up or down (includes lane change position), headlight beams by pulling lever toward driver, windshield wiper by turning band marked "WIPER" toward or away from driver, and windshield washer by pushing in the lever knob; ignition with key-in warning buzzer; hazard warning; heater fan; door-operated dome lamp
 - Warning lights: Generator, oil pressure, engine temperature, service-parking brake, direction/hazard signal, and high beam
- **Instrument Panel:** Bright trim on gage bezels; black applique with bright trim on area below instrument cluster
- **Insulation and Sound Deadening Material:** Dash (firewall), entire floor panel, engine cover front extension, and inside engine cover
- **Lights:** Instruments, front and rear dome
- **Main Light Switch Control Knob:** Bright, with brushed finish and black graphic identification
- **Mirror:** 10"; vinyl-edged prismatic
- **Parcel Tray:** On top surface of instrument panel extension; includes beverage holder provisions
- **Safety Step Pads:** Front and rear side door step panels
- **Seat Belts:** Color-keyed with pushbutton release; driver, front passenger and all rear seat positions; outboard retractors for driver and front passenger
- **Seats:** Front, adjustable high-back bucket driver and passenger; rear quick release, removable 3-passenger; all-vinyl trim; foam padded (G30/3500 models without C6P have 2 additional quick release, removable rear seats for 12 passenger seating. See page D). Also available at extra cost: all-vinyl leather grained trim. See Interior and Exterior Color Selection Chart for color and trim availability
- **Spare Tire Carrier:** RH rear side
- **Steering Wheel and Column:** 15.25" diameter black soft vinyl wheel with 2 spokes; black energy-absorbing steering column with anti-theft locking feature
- **Storage Box:** In front face of instrument panel extension; with latched door
- **Sunshades:** RH and LH padded, color keyed
- **Trim Panels:** Painted metal with decorative embossments; front and rear side doors

SPORTVAN/RALLY

G30/3500 WITHOUT C6P HEAVY DUTY CHASSIS

STANDARD MODEL

This model includes all items listed on pages B & C plus the following additions or substitutions
(See page 4 for chassis standard equipment differences)

- **Seats:** In addition to the driver and passenger front high bucket seats and the 3-passenger center seat, this model includes as standard equipment RPO AQ4—Two additional rear seats, which provide 12-passenger seating. All passenger seats (except front high-back bucket) are the quick-release, removable type, with all-vinyl trim that matches the front seats.

- **7400-lb GVW Rating**

NOTES

SPORTVAN/RALLY

BONAVENTURE/RALLY CUSTOM SPORTVAN MODEL—BODY ORDERING CODE ZM2

This option includes all exterior items listed for the standard model plus the following additions or substitutions

Chevrolet model shown (GMC model available)

EXTERIOR

- **Bright Appearance Items:**
 - "Bonaventure/Rally Custom" nameplates, on front fenders
 - Front and rear bumpers
 - Upper and lower grille outline moldings
 - Bright applied Chevrolet emblem/GMC letters at grille center
- **Grille:** Chevrolet—Argent with bright applied Chevrolet emblem
GMC—Light argent with dark argent air intake areas and bright applied GMC letters with red paint fill
- **Grille Frame:** Light argent headlamp/parking lamp bezels with argent centers and bright outboard perimeter moldings; bright upper and lower grille outline moldings

INTERIOR

- **Bright Appearance Items:**
 - "Bonaventure/Rally Custom" lettering and trim on applique at RH side of instrument panel
 - Trim moldings at center of instrument panel
- **Cigar Lighter:** With ash tray light
- **Coat Hooks:** LH and RH side, above rear-quarter windows; plus one on LH side panel to rear of drivers seat
- **Floor Covering:** Color-keyed rubber mats; for entire floor area, including front and rear wheelhousings
- **Garnish Moldings:** Slate or saddle tan colored plastic moldings for rear compartment side windows, front and rear roof header panels, roof front side rails and windshield pillars, front door lock pillars, lower sliding door hinge pillar, and sliding door track and roller bracket
- **Headliner:** Full-length, slate or saddle tan colored; foam-backed cloth
- **Deluxe Instrument Panel:** Two-tone color treatment; color-keyed instrument cluster bezel; woodgrain applique and bright trim with woodgrain insert for central area; black applique with bright trim and Bonaventure/Rally Custom lettering on RH side
- **Insulation:** Above headliner and on wheelhousing areas
- **Seats:** High-backed driver and front passenger bucket seats and standard rear passenger seat with leather grained all-vinyl trim. See Interior and Exterior Color Selector Chart for color and trim availability
- **Spare Tire Cover:** G1 models—black vinyl; G2-3 models—color-keyed carpet type
- **Trim Panels:** Colored-keyed, vinyl-coated, embossed hardboard on doors and sidewalls

SPORTVAN/RALLY

BEAUVILLE SPORTVAN/RALLY STX MODEL—BODY ORDERING CODE E94

This model includes all items listed for Bonaventure/Rally Custom model option plus the following additions or substitutions

GMC model shown (Chevrolet model available)

EXTERIOR

- **Bright Appearance Items:**
 - "Beauville/Rally STX" nameplates, on front fenders
 - Body side and rear upper moldings with black paint trim
 - Wheel opening lip moldings
 - Front door ventipane posts
- **Grille:** Chevrolet—Bright center bar moldings with body color
 - paint fill
- **Headlamp Bezels:** Chevrolet—Bright center bar moldings with body color paint fill
 - GMC—Center bars painted light argent
- **Special Headlamps:** Rectangular; dual RH and LH
- **Special Side Marker Lamps and Reflectors:** RH and LH front and rear

INTERIOR

- **Bright Appearance Items:**
 - "Beauville/Rally STX" lettering and trim on RH instrument panel trim plate
 - Trim on door and sidewall trim panels
- **Enclosure Panels:** Color-keyed plastic trim panels to conceal rear seat armrest supports and seat risers
- **Floor Covering:** Color-keyed carpeting; over entire floor area including front and rear wheel housings; lower portion of engine cover and vertical walls of front and rear side door stepwells
- **Garnish Moldings:** Color-keyed to seat trim color
- **Headliner:** Color-keyed to seat trim color
- **Instrument Cluster Bezel:** With woodgrain applique
- **Insulation:** Under instrument panel upper extension; behind door and sidewall trim panels
- **Seats:** High-backed driver and front passenger bucket seats, and standard rear passenger seat with choice of: 1) dual-tone striped vinyl trim; or 2) ribbed pattern velour cloth/vinyl trim. See Interior and Exterior Color Selection Chart for color and trim availability.
- **Stepwell Mats:** Embossed black rubber mats for top surface of front and rear side door stepwells
- **Trim Panels:** Embossed, color-keyed vinyl on doors and sidewalls with styling coordinated with seat trim and carpeting on lower areas
- **Visor Mirror:** On RH sun visor

SPORTVAN/RALLY

BODY CONSTRUCTION FEATURES

GMC model shown (Chevrolet model available)

The all-steel, Chevy Van/Vandura and Sportvan/Rally bodies feature body-frame integral construction for outstanding structural rigidity and excellent durability. The basic bodies of either the nominal 15 foot (110" WB) or 17 foot (125" WB) models are comprised of an underbody structure, front end structure, left and right hand side panel structures, and a roof panel structure.

Longitudinal side rails, cross sills, and outriggers form the integral frame to which front and rear floor panels are welded, completing the underbody structure. Main structural members are of heavy-gage steel. A step well is incorporated in the underbody in the area adjacent to the front doors and sliding side door to provide convenient entry and exit.

The front end structure incorporates an engine compartment with outside opening hood panel which affords quick and easy access to 27 service points, such as the engine, radiator, battery, brake master cylinder and windshield washer reservoir. The radiator support upper tie bar and baffles are mechanically attached to facilitate engine removal. A plenum chamber with high-level air intake is utilized in the front end structure to assure a plentiful supply of dry, outside air for interior heating and ventilating as well as to add rigidity to the overall body structure. Air outlets to the interior are provided on the left hand and right hand sides by manually controlled doors (RH door omitted with optional air conditioning).

Side panel structures are comprised basically of seamless, one-piece outer panels reinforced with vertical strainers and welded to roof rails at the top and to rocker panels at the bottom. Left hand side panel structures utilize three vertical strainers, with a fourth strainer added for 17-foot bodies. Right hand side panel structures, which are smaller because of the provision for the base side load door, are reinforced with one vertical strainer in 15-foot body applications and two strainers in 17-foot body applications. Two window openings are incorporated in the left hand side panel for all Sportvans/Rally, or for Chevy Vans/Vandura with RPO A07 body glass; one window is incorporated for Chevy Vans/Vandura with RPO A17 body glass. The right hand side panel for Sportvan/Rally models, or Chevy Van/Vandura with RPO A07 or A08 body glass, has one window. Provision is made at the rear of the left hand side panel for incorporation of a door to conceal the fuel tank filler.

Roof panels are of one-piece design and are embossed with six longitudinal stiffening ribs. Four roof bows support the 15-foot body roof panel, while five roof bows are used for the 17-foot body.

Special attention is given to corrosion prevention during the construction and final finishing of the body. The following body design features occur during the construction of the body:

1. Use of special steel (galvanized, zinc iron alloy, zinc coated) for body components especially subject to corrosion.
2. Use of one-piece outer panels to minimize exterior joints where corrosion might occur.
3. Use of heavy-gage steel for main underbody components.
4. Use of weld-through sealers in the assembly process to assure strong welds.

After body construction is completed, additional corrosion preventative steps are taken in the final finishing operation. The following occur:

1. The body, doors and hood are thoroughly cleaned by processing them through a 7-stage zinc phosphate washer.
2. Next, the body, doors and hood are primed by the Elpo electro-coating process which is the deposition of an electrically charged colloidal paint using an electric current. Electro-coating assures uniform application of primer even on surfaces normally inaccessible. In the process, the body, doors and hood are submerged in an emulsion of water and paint; the body, doors and hood and the emulsion are then oppositely charged, causing the paint to adhere to the metal.
3. Sealers are then applied to all critical interior-exterior joints.
4. Undercoating is sprayed on the undersurfaces of the wheel-housings, front door step panels and body rocker panels.
5. The body, doors and hood are painted with enamel.
6. A sealer pad is installed on the top surface of the floor panel at the left hand side, and is bonded to the floor panel as the body bakes in the topcoat oven.
7. The lower inside surfaces of the doors and rocker panels are sprayed with aluminum wax preservative.
8. A protective coating is applied to the front door hinge pins.
9. Finally, an anti-chip coating is added which extends from the rear of the front wheel openings to the rear door openings to prevent stone chipping.

SPORTVAN/RALLY

SPORTVAN/RALLY SEATING ARRANGEMENTS

Seating arrangement for standard and RPO AQ3/AQ4/B6S seats.
For model availability see model option price pages.

**STANDARD 5-PASSENGER SEATING (125" WB)
*110" WB MODELS**

OPTIONAL 8-PASSENGER SEATING (125" WB)

(STANDARD W/O C6P)**

**OPTIONAL TRAVEL BED REPLACING 3RD SEAT
(PROVIDES 8-PASSENGER SEATING)**

INSTRUMENTS

The standard instrument cluster gages and heater controls are set into the molded plastic instrument panel and have bright bezels. The large LH opening contains the speedometer, odometer, high beam indicator, and service-parking brake warning light. Diesel engine models will also have warning lights for low coolant, glow plugs and water-in-fuel.

The large RH opening contains the fuel gage with a graphic symbol. An "Unleaded Fuel Only" notation is carried on the face of the fuel gage for models which require this fuel. The upper small opening between these two large openings houses the warning lights with graphic symbols for temperature, low oil pressure and generator. The lower opening is provided to house the RPO U35 electric clock.

On the upper RH side the two small openings are provided to house the controls for the RPO C36 rear heater (LH) and the RPO C69 rear air conditioner (RH). Below these openings are the heater/defogger and optional front air conditioner controls with graphic symbols for the fan and defogger. A similar instrument cluster with voltmeter, oil pressure gage and engine temperature gage is available as RPO Z53.

The area below the instrument cluster contains, from left to right, the windshield washer/wiper switch, with graphic symbol, main light switch, and ignition switch. This lower area has a black applique with bright trim. At the far left is the provision for the LH front air conditioner air outlet.

SPORTVAN/RALLY

INTERIOR AND EXTERIOR COLOR AVAILABILITY CHART

Note: Below are the interior trim color and exterior paint combinations recommended by Chevrolet/GMC. The only available color code 1/color code 2 exterior color combinations are shown in the chart below; however, any available interior trim color may be ordered with one of these exterior color combinations if that particular combination is desired by the customer.

SPORTVAN/RALLY

SOLID AND TWO-TONE* EXTERIOR COLOR COMBINATIONS

The application of paint for solid and two-tone exterior color combinations is shown below.

GMC model shown
(Chevrolet model available)

Solid color paint (ZY1) is standard on all models. All painted areas of the body are the same color.

Chevrolet model shown (GMC model available)

Special two-tone (ZY3) paint colors include black body side and rear moldings with bright trim (except with the Beauville/Rally STX model where bright body side and rear moldings with black trim are already included). Color code 1 is applied to the areas above the moldings. Color code 2 is applied to the areas below the moldings.

GMC model shown (Chevrolet model available)

Deluxe two-tone (ZY4) paint colors include black body side and rear moldings with bright trim (except with the Beauville/Rally STX model where bright body side and rear moldings with black trim are already included). Color code 1 is applied to the areas above the belt line styling crease line and below the moldings. Color code 2 is applied to the areas between the belt line styling crease line and the moldings.

*Optional at extra cost.

SPORTVAN/RALLY

SOLID AND TWO-TONE* EXTERIOR COLOR COMBINATIONS

The application of paint for solid and two-tone exterior color combinations is shown below.

Chevrolet model shown (GMC model available)

EXTERIOR DECOR PACKAGE

Exterior Decor Package (ZY5) paint colors and trim are available in a choice of eight combinations (see Interior and Exterior Color Availability Chart). The package includes black body side and rear moldings with bright trim plus bright wheel opening moldings, (except with the Beauville/Rally STX model where bright wheel opening moldings, and bright body side and rear moldings with black trim are already included). In addition, it includes dual-tone tape decal striping keyed to the interior trim and exterior body colors. This striping is applied just below the windows on the belt line crease.

The roof area above the drip rails and the area between the tape decal striping and the moldings are painted color code 1. The roof drip rails and the areas between the roof drip rails and the tape decal striping and below the moldings are painted color code 2.

*Optional at extra cost.
